TapSpaces
Tap into something magical.

One of our big initiatives this year is to bring in more special guests—such as Israeli directors, actors, producers and scholars—to better inform our audiences about the films they will watch, and to add dimension to their Israeli experience with us.

If you are an **AIRLINE** (or have miles with one) or **HOTEL** (or have points with one), we'd love to hear from you!!!

Also on our wish list: Israeli wineries or wine distributors!
